3 Night Lombok Straits Expedition

Day One Bali > Nusa Lembongan

Arrive onboard Aqua Blu in Bali to a warm welcome by the crew and a lunchtime departure to Nusa Lembongan Island. During the afternoon enjoy the gentle sloping reefs on the north coast. These beautiful coral reefs start at just 2 meters, perfect for a dive or snorkel. Witness schooling fish above the reef while looking out for passing Trevally, Turtles and Napoleon wrasse. Remain at anchor and enjoy a cocktail while the sun sets over Bali.

Day Two Nusa Lembongan > Nusa Penida

A morning in the water at another action-packed reef, for the divers onboard a chance to spot Mola Mola (Oceanic Sunfish), large graceful creatures which inhabit the waters at this time of year. During lunch, Aqua Blu sails for Nusa Penida. Located close to the stunning cliffs south of the island is a Manta cleaning station where both divers and snorkelers have the chance to swim with majestic Manta Ray. After a full day in the water, enjoy a sunset sail to Aqua Blu's overnight anchorage.

Day Three The Secret Gilis (Gili Gede)

Located south west of Lombok lies the secret Gilis. Here, the small sandy islands flanked with palm trees are surrounded by reefs. A perfect spot to enjoy a kayak excursion, and dive or snorkel.
