'Wave Season' (October to April) is the most popular time to cruise.

ISLE BE THERE

If you are dreaming of spending time in the glorious Greek Isles, Azamara's new 7-night Greece Intensive Voyage could be the cruise for you. Starting your journey in Athens, the cruise takes you to Santorini, Rhodes, Patmos and Mykonos as well as a stop-off in Ephesus, Turkey for lots of fun, sun and amazing cultural immersion. azamara.com

AUTHENTIC POLYNESIA

Formed from volcanic activity, the Marquesas Islands jut majestically out of the cobalt seas. Home to rainforest-covered hills and deep valleys once populated by ancient Māori tribes, the lure of these islands has long attracted adventurers with their wild beauty. Virtually undiscovered for centuries, the remote Marquesas afford a true glimpse of authentic Polynesia: it was on these rugged islands that artist Paul Gauguin found his muse. Sailing aboard the luxury vessel *Le Paul Gauguin*, you can explore the islands on a special itinerary that also encompasses the diving mecca of the Tuamotus Archipelago, as well as some of the most legendary ports in the Society Islands. The 14-night cruises are scheduled throughout 2022 and promise an incredible South Pacific adventure like no other. pgcruises.com

BLING ON BOARD

The best cruise accessories to bring on your travels.

CRUISE TIME

A wristwatch can be essential when you're out and about during your cruise. Many smartphones will automatically reset their time based on GPS signals, but cruise ships often stay on 'ship's time', which may be different.

Delicate, yet dynamic, the Victorinox Alliance XS is a timepiece with timeless elegance. Swarovski crystals adorn the small, perfectly formed dial, and the elegant strap offsets it to pared-back perfection. Dress it down with jeans and a crisp white T-shirt or add subtle embellishment to sharp tailoring.

The new Rolex Oyster Perpetual Explorer returns to the size of the original model launched in 1953. The new-gen 36mm Explorer is released in a yellow Rolesor version (combining Oystersteel and 18ct yellow gold), with a black lacquered dial and Chromalight display that glows in dark conditions.

ON THE GO

A lightweight, foldable tote bag is invaluable for carrying what you need at the different ports of call – or just for lounging on the pool deck, soaking up the sun with a cocktail in hand. The stylish Gucci Foldable Large Tote Bag comes in a lightweight linen with the distinctive House Web. New shapes and signature shapes are reimagined in a mix of fabrics and trims imbued with an inherently chic summer feel.

SAFE AND SECURE

A document holder can keep all your travel papers in one place. Featuring classic Louis Vuitton Taiga leather, the Louis Vuitton Pochette Voyage is brightened up with a discreet outline in a complementary colour. This medium-sized document wallet has a secure zipper closing and can be carried by hand or slipped inside a larger bag. It also contains a pocket and credit card slots.

CRYSTAL'S NEW YACHT

Crystal Expedition Cruises have announced a Caribbean itinerary for their new luxury expedition yacht *Crystal Endeavor* for her inaugural season. "Because of the size of *Crystal Endeavor*, we are able to explore rare, off-the-beaten path destinations; for example, on this voyage, Great Inagua has no natural harbour so cruise ships cannot call there, but *Crystal Endeavor* will position in Man of War Bay and launch Zodiacs from the ship's own marina," said Jack Anderson, president of Crystal. Its dynamic positioning will enable her to remain in place using GPS and thrusters rather than dropping anchor to protect ocean reefs. It is the ninth ship in the cruise line's worldwide fleet and is the fastest and most powerful expedition ship in the industry. crystalcruises.com
